Key Skills:

Git React JS Javascript Figma Integration Canva Context API React Router Responsive Web Dev

Contributed to the design and full-stack development of a comprehensive ERP & POS system for optical clinics, enhancing workflows and user experience. As a UI/UX Designer, I crafted user-centric wireframes and prototypes using Figma, translating designs into dynamic, responsive web applications with ReactJS. My responsibilities included integrating RESTful APIs, optimizing React components for performance and scalability, and ensuring cross-browser compatibility. I collaborated with cross-functional teams and applied Agile (Scrum) methodologies, contributing to a robust and intuitive platform
